

## 1Y0-A02 Citrix Other Certification

### Citrix Citrix XenServer Enterprise Edition 4.1:Administration

**Practice Exam:** 1Y0-A02 Exams

**Exam Number/Code:** 1Y0-A02

**Exam Name:** Citrix XenServer Enterprise Edition 4.1:Administration

**Questions and Answers:** 41 Q&As

( [Citrix Other Certification](#) )

Exam : [1Y0-A02](#)

"Citrix XenServer Enterprise Edition 4.1:Administration", also known as 1Y0-A02 exam, is a Citrix certification. With the complete collection of questions and answers, TestInside has assembled to take you through 41 Q&As to your 1Y0-A02 Exam preparation. In the 1Y0-A02 exam resources, you will cover every field and category in Citrix Certification helping to ready you for your successful Citrix Certification.

Quality and Value for the 1Y0-A02 Exam TestInside Practice Exams for Citrix **Citrix Other Certification** Certification 1Y0-A02 are written to the highest standards of technical accuracy, using only certified subject matter experts and published authors for development.

#### **TestInside provide the professional Q&A.**

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 1Y0-A02 Exam.

1Y0-A02 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Citrix Other Certification product experts, included the current newest 1Y0-A02 examination questions.

3. 100% Guarantee to Pass Your Citrix Other Certification exam and get your Citrix Other Certification Certification.

If you do not pass the Citrix Certification 1Y0-A02 exam (Citrix XenServer Enterprise Edition 4.1:Administration) on your first attempt using our TestInside testing engine and pdf file, we will give you a FULL REFUND of your purchasing fee.

#### **use TestInside 1Y0-A02 Q&A ensure you pass the exam at your first try.**

TestInside professional provide Citrix Other Certification 1Y0-A02 the newest Q&A, completely covers 1Y0-A02 test original topic. With our complete Citrix Other Certification resources, you will minimize your Citrix Other Certification cost and be ready to pass your 1Y0-A02 tests on Your First Try, 100% Money Back Guarantee included!

[Citrix 1Y0-A02](#) Test belongs to one of the Citrix Other Certification certified test, if needs to obtain the Citrix Other Certification certificate, you also need to participate in other related test, the details you may visit the [Citrix Other Certification](#) certified topic, in there, you will see all related Citrix Other Certification certified subject of examination.

#### **TestInside Testing Engine Features**

Comprehensive questions and answers about 1Y0-A02 exam

1Y0-A02 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

1Y0-A02 exam questions updated on regular basis

Same type as the certification exams, 1Y0-A02 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 1Y0-A02 exam demo before you decide to buy it in Test-Inside.com.

Note: This pdf demo do not include the question's picture.

Exam : Citrix 1Y0-A02

Title : Citrix XenServer Enterprise Edition 4.1:Administration

1. What is the function of full emulation?

- A. Simulating the complete hardware
- B. Running applications as conventional local software
- C. Leveraging of a hypervisor for the underlying technology
- D. Offering an API that modifies the guest operating system

Answer: A

2. Which mechanism for changing the physical network IP configuration is supported on a XenServer 1 host?

- A. Use the xe command line interface
- B. Use the XenServer CD installer system
- C. Use of the XenCenter Client network configuration menu
- D. Use a text editor to edit the network configuration files in control domain

Answer: A

3. What is an advantage of application-based virtualization solutions?

- A. Higher consolidation ratios
- B. Data center high availability
- C. Centralized server management
- D. The ability to use diverse hardware

Answer: D

4. Scenario: A Windows Server 2003 Enterprise Edition virtual machine (VM) running on a XenServer host with four physical CPUs is consistently reporting high virtual CPU (vCPU) utilization. Currently, the VM is assigned one vCPU. According to Citrix best practices, what is the maximum number of vCPUs that can be assigned to the Windows Server 2003 VM?

- A. 2
- B. 4
- C. 8
- D. 16
- E. 32

Answer: C

5. What is the maximum number of physical CPU cores supported with XenServer Enterprise Edition 4.1?

- A. 16
- B. 32
- C. 64
- D. 128

Answer: B

6. What does XenServer Enterprise Edition use to convert storage devices into a storage pool?

- A. Local disk drive
- B. Network disk drive
- C. Logical volume manager
- D. Physical volume manager

Answer: C

7. Which statement about the use of internal and external virtual networks is true?

- A. Internal networks are used to connect to a physical NIC, whereas external networks are used to connect to a physical network.
- B. Internal networks are used to connect to VLANs on the physical network, whereas external networks are used to connect to a physical network.
- C. Internal networks are used to connect to a physical network, whereas external networks are used to connect to Virtual Machines on multiple servers.
- D. Internal networks are used to connect to other Virtual Machines on the same server, whereas external networks are used to connect to physical NICs.

Answer: D

8. Scenario: An administrator wants to leverage the following XenServer Enterprise Edition features:

- 1. XenMotion
- 2. Fast cloning
- 3. Thin provisioning
- 4. Shared virtual machine storage
- 5. Automatic virtual machine placement

Which two storage solutions must the administrator use to allow for all of these features? (Choose two.)

- A. NetApp
- B. Local disk
- C. Fibre-Channel
- D. Software iSCSI
- E. Hardware iSCSI
- F. NFS-based NAS

Answer: AF

9. By default, MAC addresses assigned to Virtual Machines (VM) virtual network interfaces are \_\_\_\_\_? (Choose the correct phrase to complete the sentence.)

- A. cloned from the XenServer
- B. determined by the host server
- C. assigned manually by administrators
- D. auto-assigned by the server using random algorithm

Answer: D

10. An administrator is configuring a new XenServer implementation and wants to use the Paravirtualized (PV) drivers for Windows virtual machines.

What must the administrator install in order to use the PV drivers?

- A. XenServer Tools
- B. WHQL Signed Driver
- C. Local Host Network Tools
- D. RealTek Fast Ethernet driver

Answer: A
