Exam : Adobe 9A0-088

Title : Adobe(r) Illustrator(r) CS4 Exam

1. You are preparing a PDF file for your printer. You want to include trim marks and a bleed value of 0.25 inches. What should you do to prevent printer marks from being visible in the bleed area?

- A. set the four bleed settings to a value above 0.25 inch
- B. enter a value of 0.25 inch for the four bleed settings and the Offset setting
- C. set the four bleed settings to 0.25 inch, then deselect the Trim Marks checkbox
- D. select the Use Document Bleed Settings checkbox and deselect the Color Bars checkbox

Answer: B

2. Your rulers are set to centimeters. You want to add a horizontal guide to the document, at exactly 10 cm. What should you do?

- A. Shift-click the measurement point in the vertical ruler
- B. double-click the measurement point in the vertical ruler
- C. hold down Shift as you drag the guide from the ruler area onto the artboard
- D. hold down Option (Mac OS) or Alt (Windows) as you drag the guide from the ruler area onto the artboard

Answer: C

3. You must add an additional Artboard that is 11" x 17" in your document. To accomplish this, you select the Artboard tool from the Tools panel.

What should you do next?

- A. press Command-N (Mac OS) or Ctrl-N (Windows), choose Tabloid from the Size pop-up menu, and click OK
- B. double-click in an empty part of the artboard, then choose Tabloid from the Presets pop-up menu in the Control panel
- C. drag a rectangle in the document window, and then select Tabloid from the Presets pop-up menu in the Control panel
- D. click the New Artboard button in the Control panel, and then select Tabloid from the Presets pop-up menu in the Control panel

Answer: C

4. You are working with four open, tabbed documents. You want to view all of them at the same time, with one document in each corner of your monitor.

Where do you find the feature that lets you lay out the windows as a grid?

- A. the View menu
- B. the Control panel
- C. the Window menu
- D. the Application Bar

Answer: D

5. While working on a document to be printed on an offset press you decide to print a composite proof to examine the results of color trapping manually done in the document.

To accomplish this, you should choose which Overprint setting on the Advanced pane of the Print dialog?

- A. Discard
- B. Simulate
- C. Preserve

D. Print as Bitmap

Answer: B

6. You create artwork that is to be restricted to two Pantone spot colors. When printed, you discover that there are objects using Cyan and Magenta in your document.

How can you find these objects?

A. choose View > Edit Views

B. choose Edit > Find and Replace

C. deselect all objects, then choose Window > Appearance

D. choose Select > All, then choose Edit > Edit Colors > Adjust Color

E. select the Overprint Preview checkbox in the Separations Preview panel, then turn off visibility for the Pantone colors

Answer: E

7. You have a complicated multi-layer Illustrator document that you want to open in Photoshop maintaining the maximum amount of editability.

What should you do?

A. launch Photoshop, Choose File > Open and select your Illustrator file

B. select Export from the File menu, select Enhanced Metafile (emf) from the Format pop-up menu, and click Export

C. select Export from the File menu, select Photoshop (psd) from the Format pop-up menu, and click Export; select the Flat Image radio button and click OK

D. select Export from the File menu, select Photoshop (psd) from the Format pop-up menu, and click Export; select the Write Layers radio button, and click OK

Answer: D

8. For a series of related projects you decide that you want to create a reusable Illustrator file that includes the number of artboards as well as all the custom object, paragraph and character styles, color swatches, symbols, and brushes you have already created.

How would you save your current document in this format?

A. choose File > Save a Copy and select FXG from the Format pop-up menu

B. choose File > Export and select Enhanced Metafile from the Format pop-up menu

C. choose File > Save as Template and leave the Format pop-up menu at its default setting

D. You choose File > Save As; in the Save As dialog box, browse to the New Document Profiles folder on your hard drive and click the Save button

Answer: C

9. You are working with five open, tabbed documents and need to switch between them quickly.

How should you do this?

A. press F9

B. press Command-` (Mac OS) or Ctrl-F6 (Windows)

C. press Command-Tab (Mac OS) or Ctrl-Tab (Windows)

D. press Command-Shift-W (Mac OS) or Control-Shift-W (Windows)

Answer: B

10. Which file format does Illustrator use when you choose File > Save for Microsoft Office?

A. TIF

B. EPS

C. PNG

D. WMF

Answer: C

11. You want to add a set of keywords to a document's metadata.

What should you choose?

- A. File > File Info
- B. Window > Variables
- C. Window > Document Info
- D. File > Document Setup

Answer: A

12. You want to duplicate an artboard and its artwork.

What should you do?

- A. drag a marquee around the artboard with the Selection tool, choose Object > Transform > Move, then click the Copy button
- B. with the Artboard tool, select the Move/Copy Artwork with Artboard option in the Control panel, and then Option-drag (Mac OS) or Alt-drag (Windows) the artboard
- C. with the Artboard tool, select the artboard you wish to duplicate, and then Option-click (Mac OS) or Alt-click (Windows) on the New Artboard button in the Control panel
- D. choose File > Document Setup, click the Edit Artboards button, then Command-Shift-click (Mac OS) or Ctrl-Shift-click (Windows) on the New Artboard button in the Control panel

Answer: B
