Exam : IBM COG-310

Title : IBM Cognos TM1 Developer

1. When an application developer constructs a cube, what is the minimum number of dimensions the cube must contain?

- A. 1
- B. 2
- C. 3
- D. 4

Answer: B

2. Why would an application developer assign a negative weight to an element in a dimension?

- A. To store credit balances without a negative sign.
- B. To provide an alternate drill down path to the dimension.
- C. To display data in different formats.
- D. To store data in multiple hierarchies.

Answer: A

3. Which of the following element types identifies the lowest level in a dimension hierarchy?

- A. String
- B. Attribute
- C. Consolidation
- D. Simple

Answer: D

4. Why would a developer create a consolidated element?

- A. To display comments in a cube.
- B. To apply alternate names to an element.
- C. To store numeric data.
- D. To calculate an aggregation.

Answer: D

5. Which of the following attributes can be used to display element names in multiple languages?

- A. Text
- B. String
- C. Alias
- D. Format

Answer: C

6. Data is loaded into cells in a cube. A cell is identified by the intersection of items from which of the following objects?

- A. Attribute
- B. Subset
- C. Dimension
- D. Slice

Answer: C

7. Aggregation is automatically applied when building a dimension. Which of the following option is the basis for aggregation?

- A. Formats
- B. Rules
- C. Attributes
- D. Hierarchies

Answer: D

8. When users cannot access a TM1 application, the application developer should ensure the host process is correct. Which of the following is the host process?

- A. TM1 data server
- B. TM1 admin server
- C. TM1 web server
- D. TM1 local server

Answer: B

9. Which of the following element properties is used to perform subtraction within the dimension hierarchy?

- A. Weight
- B. Format
- C. Attribute
- D. Aggregation

Answer: A

10. An application developer needs to know the last time the Sales Forecast cube was updated. The cube file, including the date and time stamp, can be found in which of the following locations?

- A. In the data directory.
- B. In the data file.
- C. On the web server.
- D. On the admin server.

Answer: A
