

## **HP0-921 Certification III**

### **HP Supporting the Enterprise Modular Library (EML)**

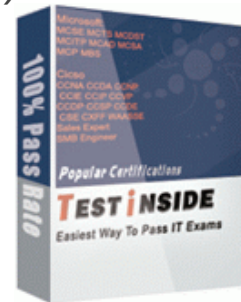

**Practice Exam:** HP0-921 Exams

**Exam Number/Code:** HP0-921

**Exam Name:** Supporting the Enterprise Modular Library (EML)

**Questions and Answers:** 70 Q&As

( [Certification III](#) )

Exam : [HP0-921](#)

"Supporting the Enterprise Modular Library (EML)", also known as HP0-921 exam, is a HP certification. With the complete collection of questions and answers, TestInside has assembled to take you through 70 Q&As to your HP0-921 Exam preparation. In the HP0-921 exam resources, you will cover every field and category in HP Certification helping to ready you for your successful HP Certification.

Quality and Value for the HP0-921 Exam TestInside Practice Exams for HP **Certification III** Certification HP0-921 are written to the highest standards of technical accuracy, using only certified subject matter experts and published authors for development.

#### **TestInside provide the professional Q&A.**

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the HP0-921 Exam.

HP0-921 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Certification III product experts, included the current newest HP0-921 examination questions.

3. 100% Guarantee to Pass Your Certification III exam and get your Certification III Certification.

If you do not pass the HP Certification HP0-921 exam (Supporting the Enterprise Modular Library (EML)) on your first attempt using our TestInside testing engine and pdf file, we will give you a FULL REFUND of your purchasing fee.

#### **use TestInside HP0-921 Q&A ensure you pass the exam at your first try.**

TestInside professional provide Certification III HP0-921 the newest Q&A, completely covers HP0-921 test original topic. With our complete Certification III resources, you will minimize your Certification III cost and be ready to pass your HP0-921 tests on Your First Try, 100% Money Back Guarantee included!

[HP HP0-921](#) Test belongs to one of the Certification III certified test, if needs to obtain the Certification III certificate, you also need to participate in other related test, the details you may visit the [Certification III](#) certified topic, in there, you will see all related Certification III certified subject of examination.

#### **TestInside Testing Engine Features**

Comprehensive questions and answers about HP0-921 exam

HP0-921 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

HP0-921 exam questions updated on regular basis

Same type as the certification exams, HP0-921 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free HP0-921 exam demo before you decide to buy it in Test-Inside.com.

Note: This pdf demo do not include the question's picture.

Exam : HP HP0-921

Title : Supporting the Enterprise Modular Library (EML)

1. Click the Exhibit button.

A customer wants to use an EML103e tape library with Data Protector 5.1. The library firmware is 1070, the Interface Manager has firmware i180 and the e2400-FC 4G has firmware 5.7.1f loaded. The Command View TL version is 1.70. Using the Exhibits as a reference, what must be changed before the library can be used?

- A. No changes are needed.
- B. Data Protector must be upgraded to version 6.
- C. Command View TL needs an upgrade to version 1.80.
- D. Interface Manager needs firmware i171 and the Interface Controller needs 5.7.1b.

Answer: C

2. A customer wants to purchase a second EML 245e library. What must be ordered in addition to the EML 103e base module?

- A. redundant power supply
- B. EML Command View License
- C. EML Secure Manager License
- D. EML capacity expansion module

Answer: B

3. What are the minimum requirements to use the Command View TL graphical user interface (GUI)?

- A. interface controller and Command View TL
- B. management station and Command View TL
- C. interface controller, Command View TL, and GUI client with a supported Web browser
- D. management station, Command View TL, and GUI client with a supported Web browser

Answer: D

4. A customer needs a library with a minimum of 120 TB capacity and an expected compression ratio of 1: Which libraries most economically meet the customer's needs? (Select two.)

- A. EML 103e with LTO3 tape drives
- B. EML 245e with LTO2 tape drives
- C. EML 245e with LTO3 tape drives
- D. EML 442e with LTO2 tape drives
- E. EML 442e with LTO3 tape drives

Answer: CD

5. Click the Exhibit button.

A customer wants to use an EML E-Series library with partitioning in a Linux environment. Which backup software is suitable for this solution?

- A. Symantec NetBackup
- B. Symantec Backup Exec
- C. CA Brightstor ARCserve
- D. Syncsort Backup Express

Answer: A

6. When completing the installation process in an EML E-Series tape library, how can you verify that the Fibre Channel links are functioning correctly?

- A. Power cycle the tape library and check the OCP messages.
- B. Execute the fcping diagnostic utility from the management station.
- C. Issue the diaggetput command from the Command Line Interface.
- D. Disconnect and reconnect the cables and check the link indicators.

Answer: D

7. Which type of backup is recommended for data file sizes less than 64 KB?

- A. image
- B. snapshot
- C. file-by-file
- D. direct access

Answer: A

8. Which HP tool is used to measure sequential performance?

- A. I/Ometer
- B. TapePerf
- C. HPReadData
- D. Performance Assessment Tool

Answer: D

9. What is a consideration when using a UPS with an EML E-Series library?

- A. The UPS power must last long enough to finish active backup jobs.
- B. The load of the UPS should not exceed eighty percent of the UPS marked electrical current rating.
- C. The UPS must be connected to the Interface Manager serial connector to allow the UPS to shut down the EML if a power failure occurs.
- D. The UPS must be connected to the Interface Controller serial connector to allow the UPS to stop the tape drives if a power failure occurs.

Answer: B

10. A customer needs a throughput of 5 TB/hr with an expected data compression ratio of 2:1. Which library best meets the customer's requirements?

- A. EML 103e with LTO3 tape devices
- B. EML 245e with LTO 2 tape devices
- C. EML 245e with LTO 3 tape devices
- D. EML 442e with LTO 3 tape devices

Answer: D

11. Which statement is correct concerning replacing a failed Ultrium tape drive in an EML E-Series library?

- A. The library must be rebooted to recognize the new drive.
- B. The library must be powered off before replacing the new drive.
- C. The library must be offline with no I/Os going to any other drives.
- D. The library automatically recognizes the new drive without rebooting.

Answer: A

12. Where can you check if SIPP (Simple Internet Protocol Plus) is running and how it is configured?

- A. Service Tab of the library front panel
- B. HP Menu of the Interface Controller CLI using a serial connection
- C. Status Menu of the Robotics controller CLI using a serial connection
- D. Configuration Menu of the Interface Manager CLI using a serial line or telnet

Answer: B

13. What are the main considerations when choosing a location for an EML E-Series tape library? (Select three.)

- A. floor space
- B. room height
- C. power requirements
- D. lighting requirements
- E. grounding requirements
- F. distance to disk storage

Answer: ACE

14. Which HP tools can be used to do a backup pretest on the storage array? (Select three.)

- A. Perfmon
- B. HP TapePerf
- C. HP ReadData
- D. HP CreateData
- E. Library & Tape Tools
- F. PAT (Performance Assessment Tool)

Answer: CEF

15. What do you check to verify the interface controller configuration in an EML E-Series tape library? (Select three.)

- A. host access
- B. LAN connection
- C. power redundancy
- D. robot arm movement
- E. Fibre Channel speed setting
- F. Fibre Channel connection type

Answer: AEF
